carry around dictionary. This is the second one I have purchased. I bought it because the other one was worn out and this is a new edition I have bigger dictionaries for use at home and would be lost without this to take to class. This little gem has info that my Oceano and Barron's don't have. I really appreciate the verbs conjugations in the front and the various explanations and usage info with the words. 0 of 0 people found the following review helpful. Useful By jaguar poetess Bought for my twin sons who are high school freshmen and taking Spanish for the first time. This dictionary was recommended by one of their teachers. Small lightweight paperback, easy to fit in their backpacks. They have good vision so the tiny print is not a problem for them. 0 of 0 people found the following review helpful. Five Stars By wendy parker exactly what I needed and arrived in a timely manner
