Marian W. Baldy Ph.D. : The University Wine Course: A Wine Appreciation Text Self Tutorial before purchasing it in order to gage whether or not it would be worth my time, and all praised The University Wine Course: A Wine Appreciation Text Self Tutorial:

0 of 0 people found the following review helpful. easy to access and more than covers the points required ...By Sean KeeferThis book is being used as a study guide for a wine course as a number of the questions on the exam are taken from topics in the book. The book is very comprehensive without being too technical. The material is well organized, easy to access and more than covers the points required for the necessary study. Excellent study guide/aid or as a resource for those who love wine.0 of 0 people found the following review helpful. Good Beginner BookBy

AuntLaLaI really like this book. It takes you step by step and provides reviews along the way. I'm a beginner. I don't think a more advanced person would find this helpful. The only complaint I have is that the print is so small, but since the book is large to begin with, I guess any larger print would mean printing two volumes.0 of 0 people found the following review helpful. Five StarsBy JusticeGreat condition

For over 20 years the most widely used wine textbook in higher education courses, The University Wine Course provides a 12-week program for learning about wine in-depth, from sensory evaluation to the science of viticulture and winemaking. Written and organized in a user friendly style, this book serves as a comprehensive-yet-easy resource for self-tutoring. Includes chapter exams and answers, study guides, lab exercises, final exams and extensive references and bibliography. Illustrated with appendixes on Wine Food, Label Reading, Do-It-Yourself Labs, Student tasting notes and more. Dr. Baldy is a USDA award-winning professor of sciences who has operated her own vineyard and winery and has taught wine appreciation for academic credits to university students for over 20 years. A Teachers Manual is available from the publisher.

About the AuthorMarian W. Baldy, PhD, holds a BA in microbiology and a PhD in genetics from the University of CaliforniaDavis. She is a distinguished faculty member at California State University School of Agriculture and has taught a broad range of courses, including an introductory enology and wine appreciation. In 1999 Dr. Baldy was honored with US Department of Agriculture's Excellence in College and University Teaching in the Food and Agricultural Sciences award.
