However, this work is full of inference - at one point even saying that 'one can infer from'. Would not recommend!0 of 0 people found the following review

Almost every battery of psychometric tests will include a verbal reasoning subtest or series of questions. The Verbal Reasoning Test Workbook will help readers prepare for these tests, offering everything one needs for a comprehensive program of self-study. Designed as a companion guide to How to Pass Verbal Reasoning Tests, this book contains 700 new practice questions, a full-length realistic mock test, detailed explanations of answers, and interpretations of scores. A valuable source of practice material and advice, The Verbal Reasoning Test Workbook will help readers improve their test techniques and increase their chances of success.
