Just received it today, and have not read it yet, but just leafing through it is a joyful experience. Relying on maps, old postcards, photographs from the 1950s and earlier, and other memorabilia, this beautifully laid-out narrative/scrapbook traces Vincent's travels "from Z to A" (born in Zundert, died in Auvers), illuminating his life and art in ways I have never seen done before. Is this the only Van Gogh book you will ever need or want? No, but it's a wonderful addition to any Vincentolator's library.1 of 1 people found the following review helpful. Great!By Alex E. PajaresNext year, I am planning to return to Europe and use this book as my main travel guide. I have visited a few places already but, I feel that, after reading this book, to continue to explore the places where Van Gogh lived and painted.0 of 0 people found the following review helpful. Perfect. FastBy CustomerJust as stated. Perfect. Fast.

A fascinating guide to Van Gogh's itinerant life, with vibrant images and stories about the many places where he lived and worked. This exciting publication familiarizes readers of all ages with the many fascinating facets of Vincent van Gogh (1853--1890) artist, correspondent, traveler, and modern explorer of Europe's cities and countryside. Thanks to Van Gogh's wanderlust and the rapid expansion of the railway system in Europe in the late 19th century, Van Gogh covered thousands of miles in his lifetime. He lived and worked in more than twenty locations: from the peaceful countryside of the Netherlands and the south of France to the hustle and bustle of big cities such as London and Paris. Authors Nienke Denekamp and Ren van Blerk trace the artist's route across Europe from Z to A, beginning in his birthplace of Zundert in the southern Netherlands and ending where he died, in Auvers-sur-Oise near Paris. Each location is described with lively and accessible texts, comprehensive timelines, city and country maps, contemporary photographs, and related artworks by Van Gogh. Featuring an eye-catching design, captivating excerpts from Van Gogh's vast body of letters, and hundreds of color images, *The Vincent van Gogh Atlas* offers a truly unique version of the enduringly compelling story of Van Gogh and instills an appreciation of the many journeys literal and figurative that the artist made throughout his life.

"This is the perfect gift for the precocious 'tween who wants to be an artist or the reader of any age who enjoys clever, well-made books. This one has the bonus of offering geography and history lessons, a travelogue, a biography, a tutorial on the forces that make an artist and visual documentation from Van Gogh's own hand. The handsome hardbound volume has the playful feel of a Tin Tin comic but the heft of a volume befitting the Yale University Press imprint."-- Alan Bisbort, *Waterbury Republican*-- Alan Bisbort "*Waterbury Republican*" About the Author Nienke Denekamp is a freelance writer and editor. Ren van Blerk is senior curator of education at the Van Gogh Museum, Amsterdam. Teio Meedendorp is a researcher at the Van Gogh Museum, Amsterdam.
