It gives a fairly decent overview of different careers and industries but it is outdated and in need of an updated version.3 of 4 people found the following review helpful. Getting my feet wetBy A CustomerIt's good to read up on the wide variety of opportunities available to a first-year MBA student such as myself. It's encouraging to know that the possibilities are out there in a range of industries. Now I'm following up by looking at a few of Wetfeet's specific industry guides -- particularly the Careers in Investment Banking and Careers in Asset Management Retail Brokerage guides.2 of 7 people found the following review helpful. How flattering--A guide just for meBy A CustomerHow great to see a guide out there just for MBAs. It really showed just how many options are available to me with this degree. I appreciate that all the big firms are profiled in one spot. It's made my job research a lot more efficient.Fellow MBA grads: You can't go wrong with this guide. Give it a try!
