Helen Arthur : The Whiskey Companion: A Connoisseur's Guide to the World's Finest Whiskies before purchasing it in order to gage whether or not it would be worth my time, and all praised The Whiskey Companion: A Connoisseur's Guide to the World's Finest Whiskies:

0 of 0 people found the following review helpful. Four StarsBy Mark E. DomnickGood information if you enjoy distilled spirits.1 of 1 people found the following review helpful. The perfect gift for guys!By #ProjectDonnaBook is perfect for anyone that enjoys Whisky!My husband loved this gift. He is a true whisky lover and this book really shows a variety of whisky manufacturers10 of 11 people found the following review helpful. A Nice OverviewBy

William Grasso I've been learning about Scotch Whisky and picked up this book as a counter-reference to some other books on the subject, and as a "second opinion" I thought it did well. However, while there is a lot of useful info in here, the focus was a bit narrow; There are overviews of the major whisky distilleries, and tasting notes of one (sometimes two) bottlings, but this book is by no means exhaustive. I should also point out that everyone's palate is different, and having Ms. Arthur's tasting notes was very valuable because her notes occasionally run different from my other sources, giving me a broader spectrum to compare against when deciding whether to buy a bottle of scotch untried. For example, I dislike too much peat in my scotch, and having a second or third source makes it more likely I'd get some good pointers from at least one of them. This book is very useful in that regard.

The Whiskey Companion is a comprehensive guide to more than 100 of the best whiskies, including several rare varieties from around the globe. Each whiskey featured in the book is accompanied by a wealth of distillery facts, tasting notes, and recommendations. Details are also given of whiskies from distilleries that have ceased production and whiskies at ages and strengths not generally commercially available. Provides a detailed explanation of the whiskey distilling process, complete with a full glossary of terms Fully illustrated with photographs of labels and bottles, plus detailed maps of the area of origin Catalogues more than 100 of the finest whiskies-from malts to bourbons-from all around the world
