**Timothy Polashek : The Word Rhythm Dictionary: A Resource for Writers, Rappers, Poets, and Lyricists** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Word Rhythm Dictionary: A Resource for Writers, Rappers, Poets, and Lyricists:

0 of 0 people found the following review helpful. Five Stars By daffyd23 Great Book! Great Resource! 2 of 4 people found the following review helpful. very useful By Ryan S. GREAT PRODUCT 3 of 4 people found the following review helpful. Great resource By SarahC Wonderful resource for everyone writing. Author is a smart educated man

with a passion for his work and a skill like no other

The Word Rhythm Dictionary: A Resource for Writers, Rappers, Poets, and Lyricists is a new kind of dictionaryone that reflects the use of rhythm rhymes by rappers, poets, and songwriters of today. This is an eminently practical reference work for all wordsmiths looking to add musicality to their writing. Users of this dictionary can alphabetically look up words in the General Index to find collections of words that have the same rhythm as the original word and are readily useable in ways that are familiar to us in everything from vers libre poetry to the lyrics and music of Bob Dylan and hip hop groups. Professional writers and students have long used traditional rhyming dictionaries for inspiration by perusing lists of rhyming words; they may ask themselves, I need a word that rhymes with blue, and are led to shoe, flu, or you. These rhyming words evoke through juxtaposition new images, thoughts, and actions that inspire creative directions and pleasing twists as verses and stanzas unfold. For the first time ever, this dictionary now allows writers and poets to ask the same question, but of word rhythm I need a word with the same rhythm as butterfly. . . . Today's lyricists and poets know that there is so much more to the flow of their creations than just matching vowels. The Word Rhythm Dictionary organizes words by additional properties: phonetic similarity (alliteration and literary consonance), the number of syllables in words, and syllable stress patterns. Never has it been easier to locate words that feature similar sounds, matching meters, and rhythmic grooves, from traditional rhymes like clashing and splashing, to near rhymes like rollover and bulldozer, unrefuted undisputed to pure metrical matches, like biology and photography. Additional appendixes allow readers to search according to poetic metrical feet and musical rhythm through a visual index of notated rhythms, allowing musicians and lyricists to track down words that match preexisting motives and melodies. This book could become the new fun addiction (or addiction afflictionconstriction convictionconniption prescriptionsubscription conscription) for writers, musicians, lyricists, rappers, poets, and wordsmiths alike. Oh, and its a lot of fun just to browse!
