collectorsBy AA Amy This was a Christmas gift for my husband who just started collecting coins. Its very well illustrated and a great book for beginners or advanced collectors. It has instructions on how to clean and care for your coins, and good information on old and valuable coins from around the world. 4 of 4 people found the following review helpful. Great bookBy girl This was a gift given to a coin collector and a very nice book to add to the collection. It had a lot of content and was shipped in very good condition. Highly recommend it if you are giving it to a coin collector. 0 of 0 people found the following review helpful. Five StarsBy heather Good product. Giving this as a gift hope he likes it. Thanks

A full-colour global guide to world coinage, from its origins in the 7th century BC to the present day, featuring coins and collectables from up to 200 countries.

About the Author Dr James Mackay was one of the world's foremost authors on collectables such as coins, stamps, antiques and bronzes, and wrote over 100 books and thousands of articles on the subject. He was co-editor of the annual Coins Yearbook and Banknote Yearbook (Token Publishing) and also wrote The Beginner's Guide to Coin Collection (Grange Books) and Value in Coins and Medals (Johnson Publications). He is also the author of The World Encyclopedia of Stamps and Stamp Collecting (Lorenz Books).
