I can use this book to find just about all the ways that I can use certain words and phrases.5 of 5 people found the following review helpful. handiest thing in the world...By Jan R. Schulmani didn't know what to expect when i ordered this book since i already own a number of thesauruses (thesaurie?)but i love this book. it is so much more helpful than my others and when i am writing (short stories, articles, etc.) now, i find myself reaching for this book more than the others to find just the right usage and phrasing that i need. i bought two versions of it: an old 1933 first printing and a more contemorary 1990 version. i strongly recommend this book for anyone who does any kind of writing; you'll be amazed at what a help it is.2 of 2 people found the following review helpful. Greatest thesaurus available!By Jory K. PrumI don't know where I got it or when, but whenever I need a thesaurus, "Roget's Thesaurus of English Words and Phrases" is the one I turn to. I have their "New Thesaurus", which is in Dictionary Form, and it hardly compares.This thesaurus is so well organized and has such a breadth of words and phrases that I feel lost with any other type of thesaurus. I strongly recommend it!
