Nicolas Slonimsky : Thesaurus Of Scales And Melodic Patterns (Text) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Thesaurus Of Scales And Melodic Patterns (Text):

0 of 0 people found the following review helpful. This is a fantastic book. It will broaden your tonal understanding drastically. By Jens This is a fantastic book. It will broaden your tonal understanding drastically. This is my 3rd copy, worn 2 out already :) But my copy's page 14 is printed half size of the rest. Anybody else had that problem? Can't find anywhere to ask questions, didn't want to return it, just to get a new one w same problem. And I CAN read it w stronger glasses :) 0 of 0 people found the following review helpful. ... of melodic possibilities that has inspired some of the great jazz artists of our time. By George Bryant Cronk An extensive review of melodic possibilities that has inspired some of the great jazz artists of our time. It is so comprehensive that at first it appears daunting. There is a companion guide created by Hal Leonard for guitarists worth considering. 0 of 0 people found the following review helpful. An infinite resource. By AlecG The biggest fallacy around the thesaurus is that it will magically give you trane's

prowess- YOU must be your own teacher with this book. It is merely a guide; you must sit down and figure out what is in these scales, how these exercises lay on your instrument, and how to apply them. An amazing resource for the serious music student.

Since its publication in 1947, great musicians and composers of all genres - from Arnold Schoenberg to John Coltrane - have sworn by this legendary volume and its comprehensive vocabulary of melodic patterns for composition and improvisation.

About the Author Nicolas Slonimsky (1894-1995) was a Russian-born American conductor, author, pianist, composer, and lexicographer. Best known for his writing and musical reference work, he is the author and editor of numerous books on music, including *Music Since 1900*, *Lexicon of Musical Invective*, and the redoubtable *Bakers Biographical Dictionary of Musicians*.
