Margaret McAlpine : What Can I Do With No Degree? (What Can I Do With...series) before purchasing it in order to gage whether or not it would be worth my time, and all praised What Can I Do With No Degree? (What Can I Do With...series):

At a time when the government's 'skills revolution' has led to more people than ever entering vocational and other non-degree training, this title lifts the lid on the wide range of good career opportunities available to non-graduates. This book is a must-have for all those students who know that university is not for them, but are considering what to do next. It covers a broad range of career options from agriculture to administration, hospitality to emergency services, and is full of authentic information - including real-life case studies from people within the professions detailed. Part of the popular 'What can I do with' series this slim line book is an easy read for people wishing to get a feel for different careers.
