This book replace a copy I had for years, and I can't imagine purchasing or leasing a car without this guide!! One car dealer said, you ran this deal just like I would have, we only made a mini commission of this deal! (That's \$200 bucks!!!)

New Car Dealers are just as bad as Used dealers. Great insight into car sales.
By Brad Stevens
Awesome read. I thought it was just the USED car dealers ripping people off. Obviously the New car dealers are better at ripping us off.

In this new edition of the consumer guide to car buying, the author cites recent undercover investigations to show how dealers use deceptive sales practices to trick shoppers into paying outrageous overcharges. The book details every scam from dealer's cost surcharges to leasing rip-offs in use today. This book is unique in its consumer protection information and insights from car dealers, attorneys, and victims.
