**Leigh St John : What Do I Want To Be?: Careers Guide For High School And College Students** before purchasing it in order to gage whether or not it would be worth my time, and all praised What Do I Want To Be?: Careers Guide For High School And College Students:

A guided journal to help you discover your passion! Rather than telling you what you should be or could be, this book will show you how to explore your life's purpose, gain new confidence, ask better questions and discover what you really want to be...
