**Chloe Quigley, Daniel Pollock : What on Earth Are You Wearing?: An Illustrated Encyclopedia of Fashion** before purchasing it in order to gauge whether or not it would be worth my time, and all praised What on Earth Are You Wearing?: An Illustrated Encyclopedia of Fashion:

A one time read, you might say. Wrong! I periodically pick this up and reread it and always find plenty to laugh at. I bought this and the first book: "Like I Give A Frock", and keep them by my chair for a pick me up when life (and my other books) get grim. I strongly recommend

both books - have yet to meet anyone who doesn't find them delightful. The illustrations are a super bonus. They are simply fabulous and worth buying the book for - even if you don't possess a sense of humor. Buy it, you'll like it. Unless, of course, you find clothes boring - but there's no hope for you anyway! 4 of 4 people found the following review helpful. Superb Fashion Fun-making By Mary Brown Simply brilliant design. Pithy writing. Authors Quigley and Pollock effectively handle clothing descriptions and fashion terms with aplomb. Shrugs ARE "small, indecisive jackets." Buy this dandy book for yourself. Some very astute remarks which everyone will find hilarious, accompanied by fun artwork. Everybody has loved it so far!

Every fashionista worth her Louboutins cares as much about a book's outfit as she does about its content. This pursesized encyclopedia dons a cloth cover stamped with shimmering silver foil and a satin-ribbon page marker. Alongside vibrant illustrations, a team of fashion forecasters defines more than 285 terms from acid wash to zebra ("fatigues are really just exhausted clothes") and answers sartorial quandaries ("What do I do when I've bought a genuine 'Channel' handbag in Hong Kong?"). Equally snarky and stylish, this insider's guide is sure to be on all of this season's best-dressed lists.
