**Paul Freiberger : When Can You Start? 2014: ACE the Job Interview and GET HIRED** before purchasing it in order to gage whether or not it would be worth my time, and all praised When Can You Start? 2014: ACE the Job Interview and GET HIRED:

1 of 1 people found the following review helpful. A necessary read. By Jacqueline Garcia I was skimming thru the star ledger of 02/14/14 and saw the author give quick responses to those whimsical, stress induced, and puzzle questions and decided to try it out. What was I going to lose 10 bucks at most. I worked for a large financial company for over 7 years and after being laid off had absolutely no idea how to re enter the interview scene. The book has great sections on what the current employers are looking for and how to present yourself as the best candidate for the position. From phone interviews to panel interviews, from "tell me about yourself?" to "why do you want to work here"? And those one off situations you may face. I'm sure that there are many many books to read and I have benefited from a few but this book with it's honest and genuine tone helped me retain and use the information as I begin my job hunting process. Good luck to all job seekers. 0 of 0 people found the following review helpful. Great resource for candidates. By Michael A. Walters I have worked in human resources for 14+ years. I am very comfortable sitting on the interviewer's side of the table. Not so much on the candidate's side. This book provides a lot of wise counsel on preparation, how to respond to various "trick" questions, how to deal with inappropriate/illegal comments and questions, and how to follow up after the interviewer. No one book can provide you with everything you need as a candidate, but this one comes close. 0 of 0 people found the following review helpful. Great book, helped me land a job. By Mark Great book, helped me land a job. Even had someone ask me my age, thanks to this book I knew they couldn't do that and stated the law to my interviewer. Highly, highly recommended.

The job interview in your job search. It is the make-or-break moment that can change your life forever. Job interviews present the key step in the job search process and help you get hired. Yet few people know how to prepare for this all-important step while job hunting. As president of Shimmering Resumes and former head of corporate communications for McKinsey Company, Paul Freiberger knows what it takes to give a knock-their-socks-off interview and win the job. A Los Angeles Times award-winning author, Freiberger offers a clear, entertaining guide with proven tools and tips through every step in the interview process, from the best ways to research industries to how to answer the essential questions. You will learn about: \* Job Interview Questions and Answers \* The Toughest Job Interview Questions \* Not Telling the Interviewer About Your Weaknesses \* Answering Trick and Oddball Questions \* Mastering Phone, Panel, and one-on-one interviews \* Devising the Best Questions \* Gaining Confidence with Job Interview Preparation \* Avoiding Job Interview Mistakes \* Salary Negotiation Tips and Strategies With the right preparation, you can walk into the interview with a major advantage over the competition in even the toughest job markets. You can convert "We'll be in touch" into "When can you start?" And this book will show you how.

This book is powerful and expertly researched. Packed with interview advice you need to get your next job.-- Larry Kramer, President and Publisher, USA Today The most exhaustive, best researched book about job interviewing, filled with insights and research.-- Jean-Louis Gasse, General Partner, Allegis Capital Freiberger delivers a fun and informative read. You will get a job a lot sooner if you read this book. Perfect for new grads at the beginning of their careers and powerful ammunition for the rest of us.-- Guy Kawasaki, author of APE: Author, Publisher, Entrepreneur, and former chief evangelist of Apple Highly useful to anyone facing an important job interview, especially if they haven't been practicing for a while. Practical and well-researched, with extensive and realistic examples. This will stand the test of time.-- Marc Singer, Director, McKinsey Company There are gems of wisdom packed into the sections on how to answer behavioral interview questions, how to succeed in a panel interview, and how to anticipate sensitive and challenging questions. The principles and practices discussed in this book will help the job seeker turn the interview from an interrogation into a conversation.-- Marcia G. Rhodes, WorldatWork Director About the Author Paul Freiberger, author of When Can You Start?
