From Brand: Hundreds of Heads Books : Where to Seat Aunt Edna? And 500 Other Great Wedding Tips (Hundreds of Heads Survival Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Where to Seat Aunt Edna? And 500 Other Great Wedding Tips (Hundreds of Heads Survival Guides):

3 of 3 people found the following review helpful. Another good one!By AngieI just got 'How to Survive the Real World' for my brother and saw that it's published by the same guys who worked on this wedding survival book. I'm getting married and I know this book will help since all of these guides offer hundreds and hundreds of witty and practical tips from people who have 'been there, done that'. One tip I read - not to invite out-of-towners who you hope won't make it - is SO true. That happened to us and it's a bit of a sticky situation!2 of 2 people found the following review helpful. JUST what I needed!By Amy CollinsI am getting married in just a few months and needed a guide to answer some basic questions. This book was easy to read and gave me so many great ideas that I now feel ready to plan and execute a personal, fun wedding day. The advice was right from the people who had "been there" and their hindsight went a long way in making me feel better about the decision I was trying to make. I highly recommend this book2 of 2 people found the following review helpful. A+ for "Aunt Edna"!By Suzannel thought this book was a great one! I was a bit unsure about consulting a wedding planning/etiquette book but I highly recommend "Where to Seat Aunt Edna and 500 Other Great Wedding Tips". Everything in the book made me feel more sure that I'll be able to handle the responsibilities of planning my wedding with ease. This would also be a great gift for a recently-engaged couple.

Where to Seat Aunt Edna lets those who've already made the mistakes and endured the big day disasters 634 of them explain the we dos and we donts involved in pulling off a dream wedding. From that fateful announcement of intentions, fixing the guest list, and choosing the bridesmaids dresses, to writing the vows, figuring out those mind-numbing seating arrangements, and testing out the band to avoid any karaoke-ish embarrassments, there's not a wedding dilemma that hasn't been encountered, retold, and solved somewhere in this ideal engagement gift.
