**Max Blackwell : Windows 10: All The Tips You Wish You Knew To Maximize It!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Windows 10: All The Tips You Wish You Knew To Maximize It!:

1 of 1 people found the following review helpful. Great bookBy Robin benI am looking for a book that helps on how to set up Windows 10 and I am glad I found this book. This book nicely covers the basics of Windows 10. You can use this as a reference since reading the first chapters. All the information there is clearly explained. It is a short guide but covers and explained the important features of this software. I would definitely recommend this book to anyone

looking for guide on Windows 10.0 of 0 people found the following review helpful. The book was well written and I will probably go back to it quite a lot and keep learning as I go there is very much for us oldBy Bob CrawfordI am still learning about windows 10.there is a lot to try and remember. I am glad that I have the books to go back to when I get stumped.0 of 0 people found the following review helpful. Useful for BeginnersBy Gerald MorrisKinda useful and helpful hints for people that don't know much about Windows
