John Lee Tozzi : Winning Interview: Get Ready to Win Your Interview! before purchasing it in order to gage whether or not it would be worth my time, and all praised Winning Interview: Get Ready to Win Your Interview!:

0 of 0 people found the following review helpful. Helpful Tips for All FieldsBy educatorOften, I find that books that provide advice for jobseekers are geared primarily toward individuals seeking corporate jobs. I purchased this book to help me prepare for interviews in the field of education. This book is incredibly thorough and would be helpful to anyone preparing for an interview in any field.0 of 0 people found the following review helpful. Skeptic is won

overBy Juice JensenThe market is full of books on how to succeed in job searches -- particularly in today's tough employment market. Most seem designed more to fill the author's pockets rather than to give real, helpful advice. This book is different. It actually provides "winning advice." I have interviewed many people for a variety of jobs. I've been won over in successful interviews by people that I didn't expect to succeed. Conversely, I've seen people who I thought would be chosen turned down after a bad interview. John Tozzi has captured the essence of what I have seen that works. I will give this book as a gift to everyone I want to succeed.0 of 0 people found the following review helpful.
An indispensable guideBy sberryI am convinced that the principles outlined in this excellent, common sense book helped me win my current job. I had the basic requirements on my resume, but if I had not prepared for the interview with the help of this guide, I know I would not have made the cut. Furthermore, the author's tone is relaxed and reassuring -- this book is truly reader-friendly and its simple but powerful ideas are applicable to almost any job. Winning Interview is truly a valuable resource!

Winning Interview provides a step-by-step process that thoroughly prepares you for your job interview. The innovative and highly effective strategies empower you as you realize that a successful interview is about much more than answering questions. In turn, you can gain the leading edge over your competition and win your interview!

About the AuthorMr. Tozzi has spent more than thirty years as a leader in education and training. He has interviewed hundreds of job candidates using a variety of interviewing models. During this time, he observed the behaviors and characteristics of the winning candidates. Subsequently, he founded the company, Winning Interview / winninginterview.com, which has successfully helped clients from a range of careers attain the jobs they were seeking.
