Woman's Day Encyclopedia of CookeryBy Linda UmsteadThis excellent set of volumes is a great asset to any library, not just for finding recipes, but also for the in-depth information it provides on all the things we eat. Foods are listed alphabetically, making it easy to reference any comestible that comes across your kitchen butcher block and find delicious ways to prepare and serve whatever it may be. Happily I was able to replace 2 damaged volumes thanks to . Bon appetit!
