From Histoire and Collections : Women in Uniform: 1939-1945 (Militaria Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Women in Uniform: 1939-1945 (Militaria Guides):

2 of 2 people found the following review helpful. Modern photos of WW2 uniformsBy Hedgehog6This book contains modern photos of WW2 women's uniforms posed on models. There are no original period photos included. Pictures are sharp, clear and well lit with good text and captions.2 of 2 people found the following review helpful. For anyone interested in WWII German Female auxiliaries don't waste your moneyBy Debbie PoolThe book basically consists of contemporary models wearing mostly period uniforms. As mentioned there are no wartime pictures and very little text. The coverage of allied uniforms was okay. For anyone interested in WWII German Female auxiliaries don't waste your money. There were only three pictures of Female Wehrmacht auxiliaries, two Navy and one Air force. Even with this small sampling I question the wear of certain items and the authenticity of the Navy Cuff title. The coverage of the German Red Cross was better.So as far as allied uniforms are concerned I would rate the book as a 3-4. For the coverage of females employed by the axis powers I would rate the book as a 1.

The involvement of women in the Second World War has never been fully acknowledged. However thousands of them wore their countrys uniform, in the traditional manner in the medical services but also in many clerical and technical roles in order to free more men for the fight. The movement began with large numbers in Britain and the Soviet Union, but the United States soon followed suit, whereas France, Italy and Germany called up women auxiliaries in a lesser way. More than 50 of these women in uniforms are depicted here in full color on live models, as a tribute to these young womens patriotism. This guide will appeal to military history enthusiasts, militaria collectors and modelers alike. It is also a unique opportunity to discover rare uniforms that have been preserved by dedicated women collectors. Uniforms included in the book are from the following countries: United States Germany Finland USSR Great Britain Italy France Canada
