In this book you will find quotes by pastry chefs, computer programmers, pilots, pacifists, feminists, philosophers, poets, psychologists, comedians, journalists, writers, gossip columnists athletes, educators, scientists, civil rights activists, lawyers, actors, marine biologists, singers, photographers, pastors, essayists, critics, humorists, fashion designers, producers, animal rights activists and queens. "How wonderful it is that nobody need wait a single moment before starting to improve the world." ~ Anne Frank There is really something for everyone in this book. Some of the topics are a little controversial but most of the quotes are inspirational and reveal wisdom gained from experience. Some of the topics include: action, activism, advertising, ambition, anger, architecture, beauty, cats, children, chocolate, choices, coffee, cooking,

creativity, death, euthanasia, depression, desire, dieting, education, equality, exercise, fame, family, flirting, food, freedom, friendship, giving, goals, gratitude, happiness, health, holidays, hope, husbands, imagination, intelligence, jealousy, kindness, kissing, knowledge, language, laughter, leadership, learning, leisure, life, lingerie, love, manners, marriage, materialism, media, men, money, motivation, opinions, parenting, peace, power, praise, pregnancy, reading, religion, security, self-acceptance, sex, shoes, shopping, society, solitude, strength, talent, therapy, time, travel, truth, vanity, violence, weight issues, women, work, worry, writing and youth."All of us are driven by a simple belief that the world as it is just won't do - that we have an obligation to fight for the world as it should be." ~ Michelle Obama

Throughout the book there are a few shocking statements. There are some very funny quotes by Phyllis Diller and a very touching quote by Drew Barrymore. There are some moments of contemplation especially on the topic of aging where the reality is that we don't honor age in our society. Did you know Madonna doesn't like dogs or that Lady Gaga has interesting views about love? Angelina Jolie also reveals some secrets of her life. Here are just some of the famous people who have been quoted in this book: Jane Austen, Keira Knightly, Rachael Ray, Maya Angelous, Joy Browne, Laura Schlessinger, Eleanor Roosevelt, Julia Child, Nora Ephron, Tori Amos, Dorothy Parker, Oprah Winfrey, Joan Rivers, Roseanne Barr, Mother Teresa, Susan Boyle, Ellen Degeneres, Whoppi Goldberg, Shakira, Helen Keller, Julia Roberts, Princess Diana, Anne Frank and Ingrid Bergman. While most of the quotes are serious yet interesting, some are laugh out loud funny or mildly amusing. I especially enjoyed all the quotes by comedians. I think if you approach this book with an open mind there is a lot to learn. However there are some controversial topics that will require you to think about life on a deeper level. The author sometimes includes quotes that reveal both sides of an issue. I am always hungry for new books and I can say this satisfied my appetite quite well. I think you will enjoy this book and learn something valuable in the process. ~The Rebecca Review

By mb If you're looking for some back up from some amazing women, this is the book to have. Every woman I know should have a copy. You will not be disappointed. Karen Weekes herself has many good things to say, and has been a wonderful professor, administrator, and inspiration. If you are somewhere you have never been, someone in this book has been there too. Whether it's Alice Walker, Madonna, Marilyn Monroe, or Erma Bombeck, something will fit just for you. It came quickly and in great shape. Check it out.

By Georgiana I congratulate the author for compiling such a diverse collection of quotes by women. I bought the Kindle edition and wish I had purchased the print copy. The quotes are arranged by topic but the Table of Contents for the Kindle edition only includes the letters of the alphabet - impossible to determine the range of topics and can only guess what topics might be included. A physical copy of the book would have been easier to leaf through. Despite this limitation, this is one of the best collections of women's quotes that I have seen. I may need to buy the print edition, too!

WIT AND WISDOM FROM A TO Z With more than 3,000 quotations on everything from fashion and feminism to men, marriage, friendship, history, technology, sports, and more, this massive compilation proves once and for all that women know everything! Each page offers wisdom, wit, and inspiration from a host of legendary women from Jane Austen and Colette to Madonna, Marilyn Monroe, Toni Morrison, Liz Phair, Ellen DeGeneres, and Naomi Klein. Here's what they have to say about:

Success I still have my feet on the ground. I just wear better shoes. Oprah Winfrey

Men and Women Remember, Ginger Rogers did everything Fred Astaire did, but backward and in high heels. Faith Whittlesey

Being Single I've never been married, but I tell people I'm divorced so they won't think something's wrong with me. Elayne Boosler

Individuality Always be a first-rate version of yourself, instead of a second-rate version of somebody else. Judy Garland

Family If you have only one smile in you, give it to the people you love. Don't be surly at home, then go out in the street and start grinning Good morning at total strangers. Maya Angelou

Quotations I always have a quotation for everything it saves original thinking. Dorothy L. Sayers

With contributions from writers, artists, celebrities, politicians, scientists, and legendary figures all over the world, **Women Know Everything!** offers addictive reading and a superb reference for women of all ages.
