Woodall's Publications Corp. : Woodall's Eastern America Campground Directory, 2012 (Woodall's Campground Directory: Eastern Ed.) before purchasing it in order to gage whether or not it would be worth my time, and all praised Woodall's Eastern America Campground Directory, 2012 (Woodall's Campground Directory: Eastern Ed.):

2 of 2 people found the following review helpful. They have done it again!By N. VanceFor a tenter, or RV person, this is the best way to find resorts throughout the east coast. I am happy that they have broken up the editions into regions now and not just eastern or western US. Woodall's is a trustworthy "bible" for getting accurate answers to a resort that

you might be heading to. Also, they now have RV repair and upkeep tips within each state section that are useful for every RV owner out there. Highly recommended!0 of 0 people found the following review helpful. non-comprehensive, incomplete, I threw it outBy Sha R. C. Some campground books are wonderfully comprehensive and filled with excellent information, and you can use them and learn all you need to know. THIS IS NOT SUCH A BOOK! This book lists only some campgrounds, (less than half) and has almost no useful information in it. VERY DISAPPOINTING, I literally threw this book into recycling rather than pass on a bad book.0 of 0 people found the following review helpful. VERY NEEDED BOOK!By Viola Cook We are full time RVer's and this book is a must and would never go anywhere without this it! I highly recommend this book to anyone who travels in an rv! Thank you!
