It is an incredible resource. If you are a teacher, and already have Word by Word Picture Dictionary, you also need to buy this one. It is a binder divided into two sections. The first one is the teacher's resource book. For each page of the book there are suggestions of activities that can help you plan your class, and have fun while teaching it. The second section is the Activity Masters. You can find there great games and activities that you can use while teaching the lessons of the book. Copies can be

made of this part. I already loved the book, but *Word by Word Basic Picture Dictionary : Teacher's Resource Book and Activity Masters* will be of great help for me while planning my classes. I highly recommend it.
