A gift for my dad who plans to travel down under. It has a bit of off color stuff in it, I can't let my 8 year old go reading through it. 0 of 0 people found the following review helpful. A direct and informative Wordbook of Idiom and Slang which is directed at giving explanation to the meaning of and the correct usage of the Australian English language. There are some words used that may offend as they have converse meanings to other English Speaking countries; however, there is no intent to offend or malign or denigrate anybody. This book is designed to be informative, educational, and full of humor and will give the reader insight to a unique and colorful language.
