Active Old EnglishBy agricolaAn excellent source for anyone who wants to write or speak Old English. There are even a few "modern" words.64 of 64 people found the following review helpful. Excellent Source for Reverse LookupBy Todd MountjoyAbsolutely a fine dictionary that is useful to Anglo Saxon students and enthusiasts! A perfect work for finding Anglo Saxon words when one only knows Modern English. It also is a great piece for learning large chunks of vocabulary (fast). This small treasure divides vocabulary into similar categories that almost makes the book not only a dictionary, but a thesaurus as well. (This in addition to having the entire work in alphabetical order)

This dictionary and thesaurus makes accessible the core vocabulary relating to Anglo-Saxon life and culture. Words in the dictionary are encoded for easy cross-reference to the thesaurus which has over fifty headings, such as art, church, evil, kin, time, warfare, wealth and so on.
