The ClassicBy Gines PasamonteThe classic text for learning Latin. I had studied Latin in college. My sister press ganged me into service to prevent my nephew from failing Latin. He would have been kicked off his school's football team if he failed a subject (Imagine what the college football rankings would be if the NCAA instituted that rule) I picked up the Wheelock textbook and work book and was up to speed in no time. I highly recommend this book to anyone who

either wants to brush up on or learn Latin from scratch. Ipsa scientia potesta est. 0 of 0 people found the following review helpful.
