I will be using the heck out of this over the next semester or two. 0 of 2 people found the following review helpful. great By lester This is a great book for anyone who is interested in learning more about this topic. Very clear to read, fast shipping. 0 of 2 people found the following review helpful. Three Stars By Lawrence Yarborough It was what I needed, and it arrived earlier than expected.

Very clean copy or workbook. Only page out of the 316 pages that has writing is 185. Pages 182-227 have been torn out by previous owner for studying but all pages are still present and free of any writing, highlighting, or tears. Except for page 185 which has writing on it. Hand inspected for quality and flaws.
