From Brand: Temple University Press : Working In the Service Society (Labor And Social Change) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Working In the Service Society (Labor And Social Change):

Continued economic restructuring has brought service work to center stage in labor and management studies, as well

as in the sociology of work, gender, race, and inequality. This work features essays that explore questions of power and control, resistance and empowerment, and innovation and organizing in the lives of front-line service workers.

"[A] welcome addition to...the study of organizations and workers." --Work and Occupations "This collection...bring[s] a light touch to consideration of a fundamental change in work in America." --ChoiceFrom the PublisherA comprehensive analysis of the experiences of workers in various service-sector occupations to explore how the shift to a service-based economy fundamentally transforms the nature of work and the challenges of workplace empowerment in contemporary AmericaAbout the AuthorCameron Lynne Macdonald teaches social studies at Harvard University. Carmen Sirianni is Professor of Sociology at Brandeis University.
