**Ms Jennifer C Errico : Working on Yachts and Superyachts: A guide to working in the superyacht industry** before purchasing it in order to gage whether or not it would be worth my time, and all praised Working on Yachts and Superyachts: A guide to working in the superyacht industry:

0 of 0 people found the following review helpful. Helped Me Find WorkBy Julie SilvaI now work on a yacht, and this book was what first helped me prepare for the industry. I'm not saying reading this book will guarantee you to find work, but once in Fort Lauderdale I began getting information from other yachties, and it all matched with the author. Recommended, for sure!0 of 0 people found the following review helpful. Just what was neededBy HHCovers so many different parts of working on yachts and provides the good and bad of this kind of lice. Prepares a possible yachtie well to the yacht world!0 of 0 people found the following review helpful. helpful book!By Arturo Saval P

detailed bibliography and webpages... Varied in terms of regularions, regiona, etc..Good help for both crew and owners!Maps would help, and graphic descriptions or pictures also would help the reader identify sizes, places, etc.

**Working on Yachts and Superyachts** This book, in its fourth edition, is a must read, comprehensive look at the luxury yacht industry from the perspective of working as crew on board. Not only does it discuss what the industry involves, but how it works. What qualifications and/or paperwork are required for crew, what jobs are available and where, when and how to find them. It will also give you a real insight into what living in board is really like and includes information from crew working in yachting, giving up-to-date and sound advice. It is not a training manual for safety at sea and it is not a "how to" book on sailing. It is an in depth look at the jobs in particular the entry level positions of steward/stewardess, deckhand and chef and crew chef. This book gives anyone with a taste of wonderlust an idea of what it is really like to live and work in one of the most exclusive, jet-set industries on earth. Reviews "This book should be renamed the 'Bible for Superyacht Crew" S Mayne This book is a definite must for anyone who wants to work on yachts. Tells you the ins and out of all jobs onboard. Totally invaluable. IssyB I was recommended to buy this book in preparation for a course in Marine Hospitality and it was excellent reading. I'd recommend this to anyone looking to enter the marine industry as crew. A Delecia

**About the Author**About Jennifer Errico Jen Errico (Moon), a qualified chef and author, has been involved in the superyacht industry in one way or another for over fifteen years. She has worked as a deckhand, stewardess, chef and more recently on the recruitment side of the industry.
