**Stacie McEniry : Working Spanish for Medical Professionals** before purchasing it in order to gage whether or not it would be worth my time, and all praised Working Spanish for Medical Professionals:

3 of 3 people found the following review helpful. Great for health care professionals.By eCognitionThis book will give you the minimum and then some. The phrases span across all medical disciplines and there's even some language

tips on Spanish itself. "Working Spanish" is the appropriate title for this book, since you won't be able to use much of it outside of work; however, if you're looking to build trust with Spanish-speaking patient, this book will help you get there. 0 of 0 people found the following review helpful. Five Stars By djv3263 great service and exactly what my daughter was looking for 0 of 0 people found the following review helpful.
