Even though it is 2009 editionwe are enjoying it. Great resource for the home!4 of 4 people found the following review helpful. Love it.By limoI always wanted a collection of World book Encyclopedia. It has been used. However, it's barely touch. With a 75% off of it original price, I just can't refuse. Beside, you should not judge a book by it cover.1 of 1 people found the following review helpful. Not like new!By PerplexedIt was listed as like new, but the covers were torn ... And the corners of the books were bent... Pages folded.
