**From Riverside Dist@world Bible : World Encyclopedia of the Film by Tim Cawkwell (1972-05-03)** before purchasing it in order to gage whether or not it would be worth my time, and all praised World Encyclopedia of the Film by Tim Cawkwell (1972-05-03):

The World Encyclopedia of the Film reference book contains an alphabetically arranged list of world film stars, producers, directors, and other filmmakers and an index of important films from 1898 to 1972. Each of the major entries notes brief biographical data, with dates of important events in the lives of the subjects, and the titles and dates of the films to which the subjects contributed in some way. Leading figures from the beginning of film to the present in the Hollywood, European, and Japanese film communities are concentrated upon.
