BrooksI came across this little book on my bedroom book shelf the morning a friend left to return to New York. She was going through a difficult time and had been lamenting that she had been "wrong again" and was beating herself up. So I started to reread WRONG AGAIN and several times laughed out loud. I didn't want to part with my copy so was thrilled to see had it. I sent it to my friend and it did the trick - helping her to put things into perspective. We all make mistakes but buying this little gem of a book isn't one of them. Fern Field Brooks3 of 3 people found the following review helpful. Funny again!By midwest buyerI read the first book, and think this one is equally great, if not better. It was a blast to read about all the silly things the author put in the book. Very fun. I've even used some of the examples as ice-breakers at big corporate meetings, with much success. Kudos to the author. Keep it up!!!1 of 1 people found the following review helpful. Hours of laughterBy ninianHaving a bad day? Party conversation in need of

repair? Just want a good laugh? This book is good for all that and more. Read about the humorous blunders of entertainers, politicians, and athletes.

A second collection of the world's most outrageous blunders—a humor series that should last as long as nobody's perfect. In the tradition of Plume's own *Dumb, Dumber, Dumbest* and *Would You Rather...* "No one wants to own an automobile in any other color than black." --Henry Ford, when producing the Model T "I don't like to take my clothes off." --Actress Demi Moore, shortly before she posed nude for the cover of *Vanity Fair*--twice--and appeared topless in no less than six movies. "I hear Carolina's going to start a freshman, and I know you can't win a national championship with a freshman." --Commentator and former Marquette coach Al McGuire on the 1981 University of North Carolina basketball team that included a freshman named Michael Jordan (UNC went on to win the championship) From teachers who had no faith in their students ("He is hopeless as a composer." --Beethoven's teacher), to actor Burt Reynolds misspelling his name while signing his autograph in cement along the Hollywood Walk of Fame, this side-splitting sequel proves once again that while two Wrongs! don't make a right, they do make for a hilarious reading experience.

About the Author Jane O'Boyle is a former publishing executive and the author of *Catnip for the Soul*; *Wrong!*; and *Free Drinks for Ladies with Nuts* (the latter two are available from Plume). She lives in South Carolina.
