**Steve Pantaleo, Kevin Sullivan, Keith Elliot Greenberg : WWE Encyclopedia Of Sports Entertainment** before purchasing it in order to gauge whether or not it would be worth my time, and all praised WWE Encyclopedia Of Sports Entertainment:

4 of 4 people found the following review helpful. Great history...but just sports entertainment..no realityBy mstsnThis encyclopedia is wonderful for a wrestling fan. I could not think of any wrestler in WWE history that was not included in book. There is an article for everyone. But, it is written just like a wrestling magazine. No real names, no real history or biography. It is all Kayfabe, and seldom mentions a wrestlers other personality/gimmick outside of the WWE.2 of 2 people found the following review helpful. WWE did make me laugh (in a good way) about having a section for each separate gimmick ...By CustomerThis book literally has just about everything WWE the fans can think of. It is well written included some things I didn't expect they would put into the book. WWE did make me laugh (in a good way) about having a section for each separate gimmick a wrestler has had (like Kane/Issac Yankem, or JBL/Bradshaw) fun!1 of 1 people found the following review helpful. Must Have Wrestling Book of the YearBy CustomerAwesome must have for avid and casual fans alike. While this one is mainly an "in kayfabe" encyclopedia, it's done well with great pictures. So many pictures. It's really cool to hang out with my son's and show them the wrestlers I watched at their age. Very up to date as of early summer 2016. I'd like to see a mainly insider version with their real names and greater accomplishments but understand WWE would never attempt to hinder the "suspension of disbelief" that except booking Roman Reigns to no-sell every finisher done to him.

The most expansive, all-encompassing chronicle unleashed on the WWE Universe, this New York Times bestseller includes over 400 full-color pages and over 1,200 Superstar and event profiles. The WWE all-time roster in this book has been expanded to unprecedented proportions, and now features all your favorite heroes from the modern era. Roman Reigns, Seth Rollins, The New Day, Sasha Banks and so many more make their WWE Encyclopedia debuts. Plus, the future of WWE collides with the past, as Finn Blor and the exciting stars of NXT stake their claim alongside the legends of WWE's past and present. Every WWE Superstar to ever lace up a pair of boots is covered. Legendary figures from over 30 classic sports-entertainment promotions honored for the first time ever. Performers and events from all generations immortalized with stunning imagery. It is all here. Then. Now. Forever.
