Christopher J. Rapuano MD : Year Book of Ophthalmology 2016, 1e (Year Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Year Book of Ophthalmology 2016, 1e (Year Books):

The Year Book of Ophthalmology brings you abstracts of articles carefully selected from a variety of journals worldwide. Expert commentaries evaluate the clinical importance of each article and discuss its application to your

practice. The summary is accompanied by brief discussion of the relevance (or irrelevance) of the paper to practicing ophthalmologists. There's no faster or easier way to stay informed.
