I'd most likely buy this one even if wasn't taking a class. The organization and vocabulary are displayed intellectually with perfection. It's a bit pricey but this will last a lifetime!0 of 0 people found the following review helpful. Great price, fast shippingBy L. HughesGreat

price, fast shipping.0 of 0 people found the following review helpful. AlrightBy KPriessMy biggest complaint is the organization. I wish all of the vocab words were at the end of the chapter.. There is a collection of words, but it doesn't include ALL of the vocab words, so you have to double-check that you got them all, and they're spread throughout the chapter, sometimes with only a few by themselves.

Yookoso! Continuing with Contemporary Japanese is the second volume of a two-volume series for beginning Japanese courses. Based on modern principles of second-language acquisition, Yookoso! was the first beginning Japanese text to integrate the teaching of all four language skills (listening, speaking, reading, and writing) and offer a full complement of ancillary materials. In this text, grammar is treated as a tool for developing the ability to communicate in Japanese, rather than as a focal point. The rich illustration program--including photographs, line drawings, and realia--provides an attractive context for language learning.
