**Jerald B. Stone : You Can Sing** before purchasing it in order to gauge whether or not it would be worth my time, and all praised You Can Sing:

1 of 1 people found the following review helpful. Better Books Out There By Bea Shalla This will help you learn how to sing. It contains info on how to breathe, how to sing vowels clearly, etc. But the info it gives are all too short, sometimes only half a page on a subject. I'd suggest Singing for Dummies instead. It has a lot more information, lots more details, lots and lots more practice and it also comes with a CD that will warm-up your vocal cords and make it stronger. Why am I giving this book 2 stars instead of just 1? Because at least it contains some sheet music, like Scarborough Fair, etc. If you do get the other book instead of this one, you can always purchase your own sheet music The Best Broadway Songs Ever (The Best Ever Series). 1 of 1 people found the following review helpful. This is a great book! By bliss86 I used to own this book year's ago, but I misplaced it and I never saw it again. I was so thrilled

when I saw it here on . I ordered it from this particular seller because of the pricing and their reputation. I was not disappointed as my order arrived promptly and as described.0 of 0 people found the following review helpful. Buy it.By Claire Elizabeth WarnerThis is a great warm up CD!!!!!!!

Everything you need to be a professional singer! Includes easy step-by-step book and one-hour CD filled with exercises and professional arrangements. This complete music instruction studio is all you need to master the basics and begin singing like a pro!
