Edition): CVs, Interview Questions Answers, Assessment Centres, Networking and Using Social Media to Secure Your Perfect Job.:

If you're looking for a new job or just need a hand getting on the career ladder then *You're Hired: Total Job Search* is your one-stop-shop for landing the job of your dreams. Packed full of practical exercises and handy tips, this totally up-to-date, helpful guide will take you through the entire recruitment process.

This book is well-rounded without being a chore to read. It contains snippets from some of the other books in the series and I found it really interesting and helpful. Whilst some of it is geared towards professionals, or those seeking professional employment, there is of course the option to only read what is relevant to you, and as such, it is just as appropriate for those seeking "ordinary" jobs. The writing style is informative yet engaging, and I have taken some useful tips on board.--Flickering Ember
