Danny Johnson : You Stink and They Know It!: A practical guide to nailing your next job interview before purchasing it in order to gage whether or not it would be worth my time, and all praised You Stink and They Know It!: A practical guide to nailing your next job interview:

0 of 0 people found the following review helpful. SO much wisdom, without all the fluff!!By Christy PapineauWhen I

first got the book, I was wondering how a smaller book like this could really cover the needed information to truly make a difference in someone nailing an interview. BOY, was I wrong!! This book is packed with so much information, without all the fluff. Too many books just add words to make more pages. This is NOT one of them. Just like in business, it is efficiency and effectiveness that creates profit. Add this book to your library for the future, buy it for a friend, or get it for yourself. Everyone needs this book, unless you are retired. You will probably need more than 1 copy when you see how much it could help those you know love. You will not regret getting this book. 0 of 0 people found the following review helpful. Awesome! Helpful! Must read! By Alan Beck This book was awesome! Once I started reading it I could not put it down. I feel like I learned so much from it and am fully prepared for my next interview! It was very easy to follow. The author knows what he is talking about and is clear in what I need to do to get that job. I definitely recommend it. 0 of 0 people found the following review helpful. Good buy By Sherry Book arrived promptly. Content funny, yet useful and informative.

Job interviews. No one likes them. No one looks forward to them. Yet, they are necessary if you want to secure that coveted job position or promotion. These simple, practical techniques will help you nail your next job interview: Effective interview preparation Preparing for phone or presentation interview Reading non-verbal queues Answering interview questions Questions you should ask the interviewer Post interview etiquette and much more Danny Johnson is an accomplished comedian and corporate manager, balancing the two careers successfully for over a decade. He regularly performs his clean stand-up routine, appears in commercials and voice over spots, and speaks on a variety of career development topics. Danny is passionate about helping others through laughter and sharing his career development skills.

About the Author For well over a decade Danny Johnson has facilitated countless job interviews, written interview questionnaires, and helped several large U.S. companies build entire departments from scratch; helping them hire the right candidate(s) for the right role(s). Danny is also an accomplished Comedian and Actor; having performed at Comedy Clubs, Corporate Events, and Churches, all over the United States. Danny has starred in over a dozen of commercials, a variety of voice-over spots, won multiple comedy contests, and appeared on Comedy Centrals Laugh Riots. Dannels dual career track allows him to blend his corporate experience, study of human behavior through years of stand-up comedy, and his own personal application of the principles in this book to outline how you will nail your next job interview! Danny is available for speaking engagements, workshops, one-on-one coaching, stand-up comedy, acting or voice-over work. www.dannyjohnson.com
