**Ian Rohr : Young Reed Encyclopedia of World Animals** before purchasing it in order to gage whether or not it would be worth my time, and all praised Young Reed Encyclopedia of World Animals:

The Young Reed Encyclopedia of World Animals is an A to Z of fun and informative facts about the worlds wildlife. Designed especially for young readers, it combines up-close images with informative, easy-to-read text and facts about our planets wildlife.Kids will love the gorgeous photographs of the worlds lovable and not-so cuddly animals and delight in finding out about where animals live, what they eat and how they behave.With a list of engaging activities to help young readers expand and consolidate their knowledge, this comprehensive collection will provide hours of educational and entertaining reading.

About the Author Ian Rohr is a freelance writer and editor. He has written over 40 non-fiction titles for young readers including works on nature and the environment, history and world events as well as editing many educational titles.
