Joe Mayne : Your Hire Calling: Unconventional Job Search Tactics That Work For College Students In Any Economy before purchasing it in order to gage whether or not it would be worth my time, and all praised Your Hire Calling: Unconventional Job Search Tactics That Work For College Students In Any Economy:

0 of 0 people found the following review helpful. FocusBy IDesignStuffWith my son in High School and my daughter getting close, I began the search for some legitimate "job hunting" resources that we could focus on to be a part of their education. This book will be a great start as a way of thinking about what is important and how to mold your path to success. In today's tough market, every tidbit of knowledge and experience helps. This author seems to cut through a lot of the noise and gives a refreshing view of important keys to finding jobs that fit and how the process works. I'm offering to help in any way to get the word out about this great source of focus on what it takes to find the right job at the right time in your life.0 of 0 people found the following review helpful. Great information for students in this economyBy H. WoerzThis book contained excellent information that I found useful in my job searching during this difficult economy. The book assembles information from multiple angles specific to your college years, post-graduate years and provides support information for the student's family. Mr. Mayne has knowledge and credibility and has compiled a useful handbook for students to effectively seek a career.

Do you want to get a great job after college? Do you wish you had inside advice on what recruiters look for, how to make your resume stand out, and the best way to ace an interview? LOOK NO FURTHER Acclaimed speaker and job placement expert Joe Mayne has the answers you need. In this short book, he's not going to tell you about the basics of finding a job, because you can get those anywhere. What you'll find in these pages is much more powerful -15 years worth of practical tips and secrets for making yourself stand out to prospective employers. You'll learn: -What traits get you hired in any economy -How to create a web presence that improves your job search -The hidden question your resume MUST answer And a lot more. If you're tired of reading the same advice about the best ways to get a job, read this book and put yourself on the inside track to hired!
