1 of 2 people found the following review helpful. So far, a great book
By RV
So far, I'm enjoying the book. I'm involve in a transition process and It make think about different aspects that I forgot after been working in the same organization for almost 8yrs. I recommend this book.
2 of 3 people found the following review helpful. Very Helpful
By CNeely
If you are in the process of changing careers, this book will really help you to get a perspective on how to handle these changes best.
2 of 3 people found the following review helpful. Book with no wasted
By MIquelAConesa
Best book for a manager planning to move to a new role or company. It helps making you feel safer and maintaining the change fears under control.

Whether youre going for that promotion, looking to jump ship, or change careers entirely, Michael Watkins *Your Next Move* is a book youll want to read. So starts the positive review of *Your Next Move* on the influential 800 CEO Read website. Its true that all leaders no matter how seasoned need guidance through the professional changes that define a career. In fact, transitions into new roles are the crucibles in which leaders get their toughest tests, and they're the defining factor in professional careers today. Yet far too often, leaders fail to transition effectively into new roles. The resulting costs are high, for individual careers and for organizations.
In *Your Next Move*, leadership-transition guru Watkins shows how you can survive and thrive in all the major transitions you will face during your career including promotions, leading former peers, on-boarding into a new organization, making an international move, or turning around or realigning an organization. With real-life examples and case studies, Watkins illustrates the defining hurdles associated with each type of transition. He then provides the insights, strategies, and tools you'll need to accelerate through these crucial turning points and continue moving up in your career.
The necessary complement to the author's bestselling guide *The First 90 Days*, which has been translated in more than 20 languages worldwide, *Your Next Move* offers the keen observations, tried-and-true management wisdom, and practical good sense Watkins is renowned for. Its a vital resource for any manager or executive seeking to maintain career momentum.
To quote the reviewer from above: Its not just about moving but about what happens when those actions are taken. Success or failure are the two options, and which option you emerge with will determine what happens going forward. Watkins book definitely has the research and insight to equip you for the better of the two paths.

About the Author
Michael D. Watkins is the cofounder of Genesis Advisers, a Newton, Massachusetts-based leadership development firm specializing in transition acceleration programs and coaching. He is the author of *The First 90 Days: Critical Success Strategies for New Leaders at All Levels* (Harvard Business Press, 2003).
