Elizabeth K. Solem : Yukiko and a Japanese Carnival before purchasing it in order to gage whether or not it would be worth my time, and all praised Yukiko and a Japanese Carnival:

Vintage historical look at Japanese culture!By pen pen nameThese picturesque and appealing books are a series of crisp black white still photos, taken from 1940 films of that time. Each large photo almost fills the page, with a couple sentences adding information and interest to these vintage photos. Excellent as storybooks, learning to read books, and homeschool or parent teaching about different cultures, through the children of different countries. Pretty cool. Great deal, highly recommended.
