Carl G. Rasmussen : Zondervan Atlas of the Bible before purchasing it in order to gauge whether or not it would be worth my time, and all praised Zondervan Atlas of the Bible:

0 of 0 people found the following review helpful. Personal favorite Bible atlas! By Charity U Need a good Bible atlas, deep enough to provide insight but light enough for comfortable reading? You found it! I spent a semester studying in Israel, and it involved writing many papers on the geography of the land. This atlas became my hands-down favorite. It presents helpful information, along with hundreds of maps, in a clean easy-to-read format. One of my favorite aspects is the plethora of pictures of the actual archaeological sites around the locations of the Bible (particularly Israel). This atlas will continue to be my first resource to peruse as I study the Bible in the particular context of archaeology. Well worth every penny! 0 of 0 people found the following review helpful. Informative and useful. By Robert A. Hulsman I guess it was a good book as we gave it as a gift to someone interested in the travels of Jesus.

Imagine it was informative and useful. 2 of 2 people found the following review helpful. A MUST FOR ANY LIBRARY By LAWRENCE EXCELLENT READING, THE HISTORICAL COMMENTARY PICTURES ARE GREAT AND LEND AN EXTRA VISION FOR REMEMBRANCE... GREAT REFERENCE OF STUDY GUIDE...

Zondervan Atlas of the Bible a thoroughly revised edition of the most comprehensive Bible atlas ever designed for Students Bible Study Groups Adult Learners Travelers/Pilgrims to the Lands of the Bible Pastors Teachers All Lovers of the Bible This major revision of the Gold Medallion Award-winning Zondervan NIV Atlas of the Bible is a visual feast that will help you experience the geography and history of Scripture with unprecedented clarity. The first section of the Atlas introduces the "playing board" of biblical history using three-dimensional maps and photographic images to help the lands of the Bible come alive. The next section, arranged historically, begins with Eden and traces the historical progression of the Old and New Testaments. It provides an engaging, accurate, and faithful companion to God's Word illuminating the text with over one hundred full-color, multidimensional maps created with the help of Digital Elevation Modeling data. It concludes with chapters on the history of Jerusalem, the disciplines of historical geography, and the most complete and accurate listing and discussion of place-names found in any atlas. Throughout the Atlas, innovative graphics, chronological charts, and over one hundred specially selected images help illuminate the geographical and historical context of biblical events. The Zondervan Atlas of the Bible is destined to become a favorite guide to biblical geography for students of the Bible. This accessible and complete resource will assist you as you enter into the world of the Bible as never before.

From the Back Cover Zondervan Atlas of the Bible ... a thoroughly revised edition of the most comprehensive Bible atlas ever designed for * Students * Bible Study Groups * Adult Learners * Travelers/Pilgrims to the Lands of the Bible * Pastors * Teachers * All Lovers of the Bible This major revision of the Gold Medallion Award-winning Zondervan NIV Atlas of the Bible is a visual feast that will help you experience the geography and history of Scripture with unprecedented clarity. The first section of the Atlas introduces the 'playing board' of biblical history---using three--dimensional maps and photographic images to help the lands of the Bible come alive. The next section, arranged historically, begins with Eden and traces the historical progression of the Old and New Testaments. It provides an engaging, accurate, and faithful companion to God's Word---illuminating the text with over one hundred full-color, multidimensional maps created with the help of Digital Elevation Modeling data. It concludes with chapters on the history of Jerusalem, the disciplines of historical geography, and the most complete and accurate listing and discussion of place-names found in any atlas.
